Cembre Rail Drill

Number of delegates: 6
Duration: 1 day
Location: Horsley Cross

Who should attend

This course is intended to provide delegates with a full understanding of the use of a Cembre Rail Drill and the method of carrying out these duties in a safe and efficient manner.

Objectives

On completion of the course delegates will be able to:

- Undertake inspection of a Cembre Rail Drill
- Understand and be capable of changing templates and drill bits
- State how to deal with defective equipment
- Understand the importance of using the correct fuel mix
- Demonstrate the safe use of the tool
- Overview of Health & Safety Regulations

Learning approach

30% classroom-based with PowerPoint presentations and visual aids.
70% practical-based
Basic theory and practical assessment to gauge the understanding of the delegate.

Pre-requisites

None
